Dear Hiring Team,

I am writing to convey my fervent interest in the Web Developer position, as advertised. I was trained as a Computer Programmer but worked as an IT Administrator. My goal is to pursue my career as a Web Application Developer, for which I obtained necessary skills upgrade with the IBM (JavaScript, React, Node, etc.).

With many years of experience in software development, IT administration and technical support, I am confident in my capacity to contribute effectively to your esteemed team.

My professional certification in Full Stack Software Development by IBM solidifies my skill set, ensuring that I am up-to-date on the latest industry trends – JavaScript (including React.js, Express.js, and Node.js), WordPress, and SQL/NoSQL databases. My academic background in Computer Science (Programming) and Mathematics, supplemented by a Systems Administrator IT Security Professional Diploma from Willis College, Ottawa, equips me with a robust foundation in both theoretical and practical aspects of technology.

Throughout my career, I have refined my expertise in various aspects of IT, as demonstrated by my work history. In this role, I successfully implemented IT infrastructures for various companies, showcasing my ability to tackle intricate technical challenges and deliver robust solutions. My tenure in my past positions not only enhanced my technical skills but also cultivated a discerning eye for detail, proficiency in troubleshooting, and creative problem-solving.

In addition to my technical expertise, I have a demonstrated history in client relationship management and team member tutoring. My experience as a tutor showcased my ability to convey intricate concepts in a lucid and comprehensible manner.

I am proficient in English and Russian, with conversational fluency in Kazakh and Turkish. This linguistic flexibility enables me to communicate effectively in varied settings and collaborate with a global team. My dedication to excellence is further evidenced by my accolades for maintaining high mentoring standards and my adeptness at establishing mutually trusted relationships with corporate teams and clients.

I am keen to bring my expertise and proficiency to your team to contribute to the ongoing success and expansion of your company.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and certifications align with your team's needs. Please feel free to contact me via email at [bartalg@gmail.com](mailto:bartalg@gmail.com) to schedule a meeting at your earliest convenience.

Yours sincerely,

Talgat Baratov
